A. GRACE Prop.

Mrs. R. S. Meiklejohn, of Consort, is a visitor at the home of her parents, Geo. and Mrs. Marshman.

The Monitor Sunday School will meet on Sunday in the Methodist Church building at 12 o'clock, instead of in the Band Hall.

Chas Deadmarsh was severely cut about the legs when the team he was driving, attached to a binder, ran away. Mr. Deadmarsh was working at the front of the cutter bar and was dragged some distance. He was removed to Consort for medical attention, and is progressing nicely.

Jim Glancey started threshing operations, on Wednesday, just west of town. The fields are yielding far better than was expected, and the grain is a fine grade, the kernels being clean and plump.

A big acreage, in this district is being seeded to fall rye, this year. In several fields the rye is already above the ground and with a little rain to help it along should make excellent pasture this fall.

During the past year about sixty pure bred bulls, of different breeds, have been bought by the Dominion government for distribution among the farmers of Alberta. Of this number, 49 were Shorthorns, 3 were Holsteins, 5 Herefords, 3 Angus and 3 Ayrshires. There are now nearly five hundred of the different breeds out among the Alberta farmers at the present time.

E. W. Davis has been appointed as manager of the National Elevator at Provost. He will move his family there shortly.

Mac McDonald left yesterday for Onion Lake, about forty miles north of Lloydminster. Mac is making the trip overland and will spend the winter up north.

A. H. Garries has resigned as Secy-Treas. of the Village and Rev. W. S. Wickenden has been appointed to fill the vacancy.

The Tax Notices for this year from the Village Council are now out. The tax rate has been increased ten mills, and now stands at fifty mills. The assessment is the same as in previous years.

The many friends of Mrs. W. F. Moorhead will be sorry to hear that she passed away, at her home, on Wednesday very suddenly. The sympathy of the whole community is extended to the sorrowing husband and family. Mrs. Moorhead is survived by her husband and two sons, the youngest being but a few days old.

The funeral is to be held today, at Provost.

The Dental Office will be open daily, on and after Tuesday Sept. 2nd, with Dr. J. M. Anderson in charge.

Principal Fraser, of the Consort Const'd School, was a visitor in town this week.

There was a good attendance at the regular meeting of the Girls Club held in the Schoolhouse on Wednesday night.

Buy War Savings Stamps.

Regular Monthly Meeting of the G. W. V. A. will be held on Saturday afternoon, August 30th, at 4 o'clock.

A hearty invitation is extended to all returned men of the district.

ALERT ALTARIO

A certain person suggests that the real name of the town is "All-red-tape-io." Personally we have found this the least democratic place we have ever struck and our experience of life is a long and varied one. We would like to find the happy medium between the militant methods of the "wild, wild wimmin'" who literary fought for their rights of representation, in England, and the 'umble attitude of Uriah Trep. We believe that there is nothing so sacred as the rights of liberty of action, speech and thought, and nothing so dangerously destructive to the welfare of any community scheme as preconceived prejudice, hasty construction, and the domineering spirit of autocracy.

Altho the evening was rather chilly, the Garden Party at the home of Mrs. McLeod was in every way a success, socially and financially. The home-made candy booth was under the capable care of the girls who made good over fudge, pea nuts, fruit, etc. In the evening Rev. Mr. Amos presided in the Schoolhouse at an Entertainment. There were recitations, action songs, clarinet and piano solos, which were cordially received by a good humored, enthusiastic crowd.

The proceeds were handed over to the Ladies Hospital Committee.

Rev. Amos has a fund of jokes and humorous stories which he utilizes for his chairmanship duties in fine style. He told the audience that ladies, especially single ones, could be divided into three classes, Pickles, Peaches and Preserves.

We must try and get one back on the parson for this.

A public meeting will be held in the Schoolhouse on Saturday the 31st re the proposed Village Hospital. Will everyone please make a special effort to turn out as the business to be transacted is of the greatest importance.

Capt. Batchelor, of Fusilier, who was hoping to lecture in October, on Canada at War, writes that owing to unforeseen circumstances he much regrets he cannot fulfil his engagement.

Will any reader who can help us get a good lecturer here kindly communicate with the "Newsman"

The music of the machinery of the farm is a pleasant sound in the ears of the people of the plains. In spite of the doleful prophecies of the Jeremiahs, there is a great deal more grain and feed in the country than was at first expected. If the Indians are to be believed, the year 1920 is to be the biggest bumper the West has ever seen.

Margaret Conquest is at home for her vacation of three weeks, from Govt. House, Regina.

Miss Speers and Gladys Conquest have returned to Saskatoon to take up teaching and study.

The sloughs around town are like miniature lakes and mermaids are seen disporting themselves on Sunday afternoon in the sunny waters.

Miss Inkster is home from Edmonton, looking well and bonny, and we hear that all the children are glad to get back to school.

We met a man lately who wet-blanketted the hospital scheme right away, before even he had heard the barest outlines. Doubtless there are many souls who see nothing in "vision", whose imagination cannot carry them anywhere at all, whose faith in the power of God and the heart of humanity has died a natural death. To such we pass along the lines of Edgar A. Guest, and the words of The Master "O ye of little faith wherefore dost you doubt."

There are thousands to tell you "it cannot be done."

There are thousands to prophesy failure.

There are thousands to point out, one by one,

The dangers that wait to assail you. But just you tackle it with a bit of a grin.

Then take off your coat and go to it—

Just start in to sing as you tackle the thing

That couldn't be done,—and you'll do it.

Monitor Alberta

Every Farmer
In This District
Should Read The
Nor'-West Farmer

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else The Nor-West Farmer information bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table" around which the best farmers of Western Canada meet. Will you be one of them?

Note and Comment

The mail order house says:
"All of the money which you
spend for goods with the local
merchant, excepting only the
local merchant's profits, goes
out of your community."

This is untrue! Business men
generally concede that the average
cost of doing business and a
reasonable interest on the in-
vestment, is 30% of the gross
receipts. That is of every \$100
received in the ordinary course
of business \$30 is spent for rent,
wages, light, interest, insurance,
taxes, etc., in necessary expense
of doing business.

Therefore 30% of all money
sent out of the community for
catalog goods is irretrievably
lost to the community. By
trading at home with your local
merchant the cost of doing busi-
ness and the profit that legiti-
mately belongs here, stays here.
Why send it out of the district
never to return?

The profits of business in the
small communities are made out.
If the profits of business of our
community are sent somewhere
else, our community will soon
go out of business. James J.
Hill says: "Buying at long range
creates commercially the same
conditions that are so univer-
sally felt where absentee land-
lordism prevails. If farmers,
local business men and local
merchants should unite to build
up and maintain home trade it
would add so wonderfully to the
prosperity of them all."

The mail order house says:
"I could not that profit do your
province as much good if you
kept it in your pocket instead
of giving it to your merchant."
Yes, if you could keep it there,
but you can't. The only gain
to the patron of the mail order
house, if there be any, is the
very trifling difference between
the profit made by the local
merchant and that made by the
mail order people.

The \$30 out of each hundred
paid for mail order goods, if
kept in your community would
mean all the difference between
good times and bad times. The
\$30 out of each \$100 now paid
for mail order goods, if kept at
home, would work wonders in
every community in the land.

But if the \$30 goes to the mail
order house we have bid good-
bye to it forever. It will never
again lubricate the wheels of
business in the community from
which it was sent.

A Chicago expert who recent-
ly made a commercial survey
of N. Dakota declared that if
the people of that state would
patronize each other, the wealth

and population would double in
five years.

Because of all the mail order
business the wealth and popula-
tion of the state is materially
retarded. Because we are not
keeping the profits of the mail
order business here at home,
there is in consequence a dearth
of Western Canada capital for
the development of legitimate
business enterprises and the
financing of new undertakings
in our various communities.
Bank deposits are less, farm
lands lower in price, interest
rates and taxes higher.
—Exc.

The sheep and goat industry
in Canada continues to grow,
not only on account of the
money to be made from mutton
and wool, but the fact that goats
are considered to be immune
from tuberculosis has been the
great factor in the encourage-
ment of milk goat raising in a
number of the provinces of the
Dominion. Pamphlet No. 17, a
Directory of Breeders of Pure
Bred Sheep and Goats in the
Dominion, issued by the Sheep
and Goat Division of the Live
Stock Branch, can be procured
free from the Publications
Branch, Ottawa.

The Model TOWN

the paint protected town

THE finest town buildings soon get to look "dingy" if they are not kept painted. Worse still, the omission of the Spring painting leaves them open to weather-attack and time's decay. And—with materials so high as to make every building worth double today what it was worth in 1913—you are making a mistake if you let a building "go to seed."

Have your town a "model" town—have it fresh with paint—have it protected with a paint that affords real protection—

B-H "ENGLISH" PAINT

70% Pure White Lead
(Guaranteed Genuine B-H)
30% Pure White Zinc
100% Pure Paint

If this paint were sold at a price half as high again as any other (which it isn't) it would still be the economical paint to use on your house. In sheer covering capacity it has no equal. A gallon of it goes so far that you'll buy less of it and yet do more with it. Paint with B-H "ENGLISH" PAINT this spring—and your house is protected for years, where a coat of ordinary paint will last but a few months.

The difference lies in the above formula basis. What other paint is so correct in this respect that its makers guarantee it? What paint can a dealer furnish you that has anything like the quantity of white lead in it that has B-H "English"?

This was the formula when lead was lower in price—this is the formula still; even though lead is extremely high in price, it HAS to be the B-H formula; because the guarantee that calls for it, is printed right on the B-H cans. We could not cheapen B-H "English" Paint even if we wanted to. So it's your safe paint as to quality, your sure paint as to covering capacity, your dependable paint as to durability. Find the B-H dealer in your town. He's the man to buy from.

Other B-H Products of Sterling Worth

We carry and recommend the following B-H products:

For Interior Finishing "China-Lac"—the perfect Varnish Stain.	Plaster Ceilings and Walls "Frescoette"—a flat tone oil paint.
Staining the Roof "Anchor Brand Shingle Stains" in 19 different colours.	Varnishing a Floor "Floorluster"—excellent for interior floors.
B-H Porch Floor Paint For Porch Floors, Ceilings and parts exposed to weather.	For Barn and Outbuildings Imperial Barn Paint.

Colour cards and Prices from our local agents.
